

Out of caring and a commitment to safety and harmony within our community, the last official action of these 3 commissioners will be one of unity. Together we desire our community accept this act as a measure of kindness not of division.

Upon a motion and a unanimous vote by our 3 Mason County Fire dist. #12 commissioners, we do hereby tender our resignations. Our resignation will be effective immediately following a unanimous vote in our open public meeting. We also each agree not to apply for any of these vacated seats until all 3 seats have been successfully filled through the proper and prescribed manner.

This vote is being taken unanimously as an example to our community that although we may have differences, we can place our differences aside for the benefit of all. We ask that you treat each other with this same consideration as we end this meeting and follow this example as this meeting closes.

Thank you

Respectfully Signed this day 5/19/2024
